Festival del Vino Trentino o Mostra vini del Trentino? su [L'Adigetto.it](#)

The screenshot shows a news article from L'Adigetto.it. The main headline reads: «Ottimo il festival del Vino, ma togliere la Mostra dei Vini...!». Below the headline is a large photo of a man with a beard and sunglasses. To the left of the main content, there's a sidebar with various advertisements and links. The overall layout is typical of a newspaper website.
